
Job title: Investment Director

Client: Iberian Alternative Investment firm

Location: Madrid

The Brief:

Due to the creation of a new fund focused on stressed/distressed assets, we were tasked with locating an Investment Director with both local Iberian knowledge and international, direct investment experience. Due to the need for local experience and languages, our client required us to identify Investment Professionals based in London who were willing to relocate to Spain.

Given the specific nature of this search, a deep understanding and network within the Iberian Investment talent in London was essential.

The mandate was successfully completed within a 12 week time frame.

The outcome: Successfully completed the mandate in June 2009.
