

Managing Director /Partner Private Equity Secondary Advisory

Package: £120K + Bonus + Equity Participation

Location: London

Summary:

Specialist placement firm seeks a senior banker to work with LPs, banks, asset managers, and alternative fund managers on issues ranging from liquidity management, portfolio sales, and fund restructurings.

Job description:

Our client is a specialist advisory firm providing liquidity management and secondary advisory services to the funds and limited partners (LPs). Due to increasing demand for specialist secondary advise they are looking to expand the secondaries division with the hire of a senior bank to build relationships with LPs, banks, and asset management firms with interests/stakes in alternative investment funds. The role will also lead execution/project teams involved in disposal and sale mandates.

The firm is a well established and stable boutique with strong revenue streams and an expanding client base.

Due to the breadth and specialist nature of the role we are looking for candidates from any one of the following profiles:

- FIG Banker with experience advising asset management firms and/or banks.
- Private Equity advisor / investor with strong relationships with LPs.
- Placement agent with experience of advising on fund structuring.
- CFO from a large diversified alternatives fund – Private Equity, Infrastructure, Real Estate, Hedge
