

# Senior Private Client Investment Manager

**Package:** Circa £150k

**Location:** London

## Summary:

A global investment management firm with an excellent reputation seek a senior private client investment manager, with either discretionary and/or advisory experience.

## Job description:

With a head office in London, our client are renowned for providing asset management services in developed and emerging equity and bond markets on behalf of institutional, retail and private clients worldwide.

Their current focus is to add to their highly experienced private client team. They deal with onshore and offshore private clients with the responsibility and management of their portfolios. The team have successfully won new client business from their competitors over the past year which has significantly added to their £25billion AUM.

The firm seek an individual with good longstanding relationships with HNW and ideally UHNW clients. They understand the difficulty faced in moving a book of clients, but would expect a successful individual to grow their book quickly once they have joined.
