

Restructuring Advisory – VP/Director

Package: £100-130,000 + Bonus

Location: London

Summary:

World renowned Investment Bank with a leading Restructuring practice requires an additional, experienced Restructuring professional for the UK team.

Job description:

World renowned Investment Bank with a leading Restructuring practice requires an additional, experienced Restructuring professional for the UK team. With significant experience across a number of sectors, and a highly regarded international presence, the team is one of the most prolific in Europe.

You will need to be able to demonstrate a stable and progressive career in the restructuring field, working within either financial restructuring, work out banking, or insolvency. Candidates will be considered from Investment Banking, Global Accountancy firms and leading law firms. You will need to demonstrate an exceptional track record and have extensive transaction experience.

The team works closely alongside the debt advisory and M&A teams and advises companies, creditors and sponsors. Although UK focused, the team also provides support to their European counterparts, therefore a second European language would be beneficial.
