

Private Client Investment Manager

Package: £80k - £120k Base + Discretionary Bonus

Location: London

Summary:

The asset management arm of a leading global bank, seek a private client investment manager to join their expanding team.

Job description:

Our client is looking to expand their London business, which currently manages over £3bn for HNW clients. They invest this using multi-asset class investment solutions and absolute return strategies.

They have been tailoring their investment approach for 5 years which saw their investment advisors bring in well over half a billion in new assets last year. They expect to improve on those numbers this year working closely with their prestigious private and retail banking arms.

The successful investment manager won't necessarily be required to bring an existing book of clients with them to the company. The management team are happy to provide individuals with a book of existing clients to manage, but they will be required to go out and develop their own relationships once they are settled in. A good all round knowledge of the markets is important, together with good sales skills and a minimum CFA level 2 qualification.
