

## Natural Resources - VP

---

**Package:** Circa £90,000 + Bonus

**Location:** London

---

### Summary:

Natural Resources sector coverage team at a leading Global Investment Bank require a VP to join the London office.

---

### Job description:

As part of the investment banking division, the Natural Resources sector team has an outstanding track record in providing advice to the worlds leading companies, institutions and individuals on mergers and acquisitions, strategy advisory, and executions of public and private capital markets transactions.

Prior oil and gas or base materials and financial industry / investment banking experience is required as well as a top class degree and relevant relationships within the sector. You will need to have an excellent execution track record within a highly regarded Oil & Gas, Energy or Metals and Mining focused coverage team.
