## Job description:

Global Investment Bank with a superb track record requires an Analyst 1 or 2 to join the European Financial Institutions group. You will work on Corporate Finance transactions, across various sub sectors of Financial Institutions with a focus on the French market.

You will be involved with industry and company research, quantitative analysis, company valuation analysis and preparation of presentations for clients. You will gain exposure to full cycle transaction execution and will also be given early responsibility to communicate with clients and other advisers.

Strong financial analysis and modelling skills are essential, along with excellent communication skills and a genuine drive and determination to succeed. Fluency in French is an essential requirement for this position and you will ideally have prior regional transaction experience within FIG.
