

## Industrials Group - VP

---

**Package:** Circa £90,000 + Bonus

**Location:** London

---

### Summary:

Leading European Investment Bank requires a VP level individual to join the European Industrials Group and focus on leading execution efforts.

---

### Job description:

Leading European Investment Bank with a strong client base and excellent results for 2009 require an Associate to join the Industrials Coverage Group. The team exceeded budget last year and are well positioned for a successful year in 2010.

You will be an experienced Corporate finance professional, ideally having worked within a coverage team rather than an M&A product group. The team has been working on a large amount of equity and debt transactions and expects the advisory business to start picking up again this year.

Prior experience within Industrials or related sectors is necessary, and a demonstrable transaction history and solid execution experience is essential. Any experience in Aerospace and Defense is especially useful.
