## Job description:

Global Investment Bank with a superb track record requires an Analyst to join the European M&A group. You will work on M&A transactions, across various sectors with a focus on execution.

You will be involved with industry and company research, quantitative analysis, company valuation analysis and preparation of presentations for clients. You will gain exposure to full cycle transaction execution and will also be given early responsibility to communicate with clients and other advisers.

Strong financial analysis and modelling skills are essential, along with excellent communication skills and a genuine drive and determination to succeed. Prior transaction experience is preferred, but candidates with demonstrable experience within transaction services in Big 4 or from other product teams in banks would be considered.

A second European language would be preferable.
