## Job description:

Top Tier Investment Bank seeks an experienced individual to join their London office as an Associate for the Renewable Energy Project Finance team.

The group is at the forefront of the bank's involvement in renewable energy covering onshore and offshore wind, solar photovoltaic and concentrating solar power and is now looking to expand into the geothermal and biomass sectors.

You will have an engineering degree or equivalent, experience in renewable energy and knowledge of solar panel installation and power turbine development. You will be involved in all aspects of project finance including industry research and analysis, therefore you will need to demonstrate strong technical and modelling skills.
