

# Natural Resources - Analyst

---

**Package:** circa £50,000 + Bonus

**Location:** London

---

## Summary:

Top tier, European Investment Bank is looking to add an exceptional analyst to the highly regarded Natural Resources group.

---

## Job description:

As one of the top ranked Natural Resources groups in Europe, this team are now looking to add a further Analyst. They are looking for an exceptional individual with prior knowledge or genuine interest in the sector. Specific interest or experience in Utilities, Chemicals, Oil and Gas or Metals & Mining is required.

You will be involved in the full spectrum of origination to execution of corporate finance transactions across the Natural Resources sector. You will also be given early exposure to clients, advisors and senior bankers in the team. First class modelling and analytical skills are essential and you will ideally have prior, closed transaction experience in a related sector.
