

Senior Private Banker – UK Res. Dom.

Package: £70,000-100,000 + Bonus

Location: London

Summary:

Our client is the Private Bank of a Global Investment Bank based in the City. They are currently looking for an experienced UK, UHNW focused Private Banker to join their team.

Job description:

The respective individual should possess a proven track record in managing UK High Net Worth relationships; in addition you will have a solid understanding of the investment market.

You are able to prospect new clients and work collaboratively within a team due to your first-rate communication skills, enthusiasm and high level of commitment to the role. The successful candidate will be conscientious; detail oriented and is a disciplined individual who always follows through with task within the outlined timeframe.

The client is looking for an individual who is entrepreneurial minded and able to take full advantage of a genuine open architecture platform. A wide experience is needed in dealing with sophisticated clients and complex investment portfolios. A proven track record is required with regards to strategic asset allocation, investment markets, structuring and lending.

Our client requires the successful candidate to have an UHNW book of business with reasonable levels of portability and with more of an investment slant on the book.
