

Investment Associate - Stockholm

Package: SEK - Circa 70,000 per month

Location: Stockholm

Summary:

Nordic Investment firm with a focus on the Technology sector are looking to hire an Investment Associate. The firm was established in 2000 and is dedicated to helping top entrepreneurial teams in the Technology sector grow their companies.

Job description:

As an Investment Associate, you will be responsible for:

- in-house analysis regarding portfolio companies and assisting the partners in identifying new Investment opportunities.
- Quarterly sector analysis reports and supporting the Partners with portfolio reports
- Benchmarking portfolio companies against competition, supporting decision making in relation to investment, divestment or M&A activities
- Managing transaction processes internally, liaising with and organising independent advisors, banks etc

You will need to have completed the equivalent of an analyst program in either a top Management Consultancy firm, Corporate Finance advisory firm or Investment Bank. A degree in finance/engineering at a top school and excellent analytical skills are required, along with a highly analytical mind and genuine passion for investing.

Native Swedish language ability preferred, but Scandinavians willing to work in Stockholm are also welcome
